

RAPTOR FIN™

Trolling Motor Accessory

*Permits shallow running
without the worries of
"cavitation".*

RAPTOR
WWW.RAPTORFISHING.COM

*Stabilizes bow
in heavy chop
and rough water
conditions.*

*Vertical fin drastically
improves steering and bow control
regardless of water conditions.*

**Maximizes the
performance of virtually
every trolling motor!**

RAPTOR
FISHING TECHNOLOGIES, INC.

RaptorFin™ is designed to fit Minn Kota® and MotorGuide® trolling motors. For optimum performance, install RaptorFin to trolling motors directly mounted to the bow of the boat. RaptorFin™ is not recommended for trolling motors affixed with "quick release" or removable mounting systems. Please contact Raptor Fishing Technologies Inc. if you do not find your trolling motor model listed below.
